FINE ARTS AND MUSIC AT LINGUAVIVA 2025

The Italian language course prepares students to achieve B2 level of knowledge which is a mandatory admission requirement of Music Conservatories and Fine Arts Academies. The course aims to develop specific language skills needed for the selected area of studies and offers the opportunity to deepen cultural knowledge in Music and Arts. The exams for Music Conservatories and Fine Arts Academies are very selective. They foresee practical assessments and an oral interview aimed to analyze candidate's experiences and motivation.

The Preparatory course for Music area trains students to sustain the admission exam with an appropriate music performance. The Preparatory course for Fine Arts subjects provides students with a technical preparation in the required field and helps students to assemble a portfolio, highlighting their artistic skills and creativity related to the chosen academic course. Since the study programme is partially tailored on the student's profile and skills, the practical preparation is based on an individual training to exercise artistic skills according to the requirement of the exam and to student's previous experience. As a result of the partnership with Florence Music Conservatory and Florence Fine Arts Academy, Linguaviva guarantees a high-quality preparation, cooperating with teachers from these prestigious academic Institutions.

Please contact Linguaviva Campus Florence for more detailed information.

Our Campus in Florence prepares international students wishing to enter a Fine Arts Academy and Music Conservatory in Italy. The aim is to provide students with an adequate linguistic and cultural preparation for Bachelor's and Master's degree. Students will be prepared in Italian language and will improve technical-artistic or music skills required by admission exams.
