ITALIAN LANGUAGE PROGRAMME

The programme is designed to help students achieve the academic Italian language B2 level required to access Italian University.

The course will provide students with the language and study skills needed for the Italian examination which is a mandatory requirement for international students applying on bachelor- degrees in Italy.

The course will improve the following academic language skills: text comprehension, vocabulary, communicative skills and writing. The course curriculum is tailored for the fields the students plan to study at the University and for the exams they need to take to be admitted to a specific degree. Students are given a focused training. During the courses, students will learn about how the exams work and they will get plenty of practice, exercising on past exam tests.

PREPARATORY PROGRAMME FOR UNIVERSITY ENTRANCE EXAMINATION IN ITALIAN AND ENGLISH

Students are given a focused training for scientific or cultural subjects as Math, Physics, History of Architecture, Logic, etc. according to the degree chosen by the student.

During the courses, students will learn about how the exams work and they will get plenty of practice using the types of questions they will see in the exam.

Students will practice also on past exam papers.

The specific modules are tailored to the chosen degree to ensure that the student is fully prepared for the admission test they will be taking.

We offer the same Programme in **presence in Italian and English** according to the entrance examination.

We offer also the opportunity to prepare the entrance examination **online in English**.

We prepare for:

- **Architecture and Design** in Italian and English in **Milan**
- **Architecture and Design** in English online
- **Engineering** in Italian and English in **Milan**
- **Engineering** in English online
- **Medicine and Veterinary** in Italian to prepare for *Filter Semester* in **Florence**
- **Medicine -IMAT** in English online

UNIVERSITY ADVICE AND ASSISTANCE

Find the right university program for you

Choosing a university abroad is a big decision. With over 40 years of experience in counseling international students, Linguaviva every year helps students from all around the world to identify the academic program best suited to their aspirations, abilities, and career goals.

Every student is different. That's why our team offers individual counseling that takes into account their academic profile, personal interests, language skills, and future goals.

We will help you:

- identify the most suitable universities based on your preferred course of study;
- understand the requirements of your chosen university;
- explain the admission procedures.

Support throughout the entire process

From the orientation phase to enrollment, we will accompany you step by step:

- consulting on choosing the most suitable university;
- verification of the documentation required to register for the entrance exam;
- support with the application procedures for the entrance exam;
- support during the enrollment processes.

ARCHITECTURE STUDIES AT LINGUAVIVA 2027

Our Campus in Milan prepares students for Architecture studies in Italian and English language, which has a selective entry determined by a national admission test

KEY FEATURES OF LOCAL UNIVERSITY ADMISSION EXAMS FOR ARCHITECTURE

Exam dates

July.

Each university sets a date for the test.

Examination body

The admission exams are administered at local level, but The Ministry of University decides on the number of places allocated to each University.

The architecture test is computer based and managed by a university testing centre.

Italian Language Test

To enroll on any Italian University for first level degree, students are requested to sit for an Italian language exam of Level B2.

The Italian language exam is held on different dates between May and July.

Passing this exam is a compulsory requirement for admission to the chosen University course or to the admission examination for specific Degree studies. Most universities have adopted ITA-L2 test, organized by CISIA, which is a computer-based, multiple-choice test composed of 3 parts (listening, reading and grammar) of increasing difficulty. The questions are multiple-choice with 3 alternatives, one of which is correct. Students who already have CILS, CELI, PLIDA certification for level B2, are exempted from Italian language exam.

Admission test

Most universities in Italy use ARCHED as admission test for Bachelor programmes in Architecture or single cycle degree in Architecture & Building Engineering.

ARCHED is a computer-based and multiple-choice test, made of 50 questions divided in 5 sections: Text comprehension, Logical Reasoning, Knowledge acquired during previous studies (comprising History, History of Art and Architecture, General culture), Drawing and Visualization, Mathematics and Physics.

For Politecnico di Milano students taking the test in Italian language, at the end of the

Test Arched, they will need to take an English Language Test with further 30 questions.

Politecnico di Torino runs its own test TIL-A maintaining the same format.

Politecnico di Milano and Politecnico di Torino offer the possibility of a test in English Language for students wanting to study a full degree course in Architecture in English.

Grading System

1 point for each correct answer

-0,25 points for each wrong

answer 0 points for no answer

Minimum score

For Non-EU students residing abroad there is no minimum score.

The ranking is built up considering the best scores according to the number of available places.

ARCHITECTURE TEST

ARCHED is a computer-based and multiple-choice test, consisting of a total of 50 multiple-choice questions.

All questions have five options, of which only one is correct.

Candidates have 100 minutes to complete the test and the format is as follows:

- **Text comprehension:** 10 questions
- **Knowledge acquired during previous studies, History and General culture (History, History of Art, General culture):** 10 questions
- **Drawing and Visualization:** 10 questions
- **Logical Reasoning:** 10 questions
- **Mathematics and Physics:** 10 questions

(November-December)

National Admission test

Students must take the 3 exams at the end of the Filter Semester: **Biology**, **Chemistry** and **Physics**. The total score will be the result of the three combined scores.

Each exam has a maximum score of 31, so the maximum total score possible is 93.

A minimum score of 18/31 is required on each of the exams.

Ranking

The ranking is built up considering the best total scores according to the number of places available in each single University.

Italian Language Test

To enroll on any Italian University for first level degree, students are requested to sit for an Italian language exam of **Level B2**.

The Italian language exam is held on different dates between April and September.

Passing this exam is a compulsory requirement for admission to the chosen University course or to the admission examination for specific Degree studies.

Most universities have adopted ITA-L2 test, organized by CISIA, which is a computer-based, multiple-choice test composed

of 3 parts (listening, reading and grammar) of increasing difficulty. The questions are multiple-choice with 3 alternatives, one of which is correct. Students who already have CILS, CELI, PLIDA certification for level B2, are Exempted from Italian language exam.

FINE ARTS AND MUSIC AT LINGUAVIVA

The Italian language course prepares students to achieve B2 level of knowledge which is a mandatory admission requirement of Music Conservatories and Fine Arts Academies.

The course aims to develop specific language skills needed for the selected area of studies and offers the opportunity to deepen cultural knowledge in Music and Arts.

The exams for Music Conservatories and Fine Arts Academies are very selective.

They foresee practical assessments and an oral interview aimed to analyze candidate's experiences and motivation.

The Preparatory course for Music area trains students to sustain the admission exam with an appropriate music performance.

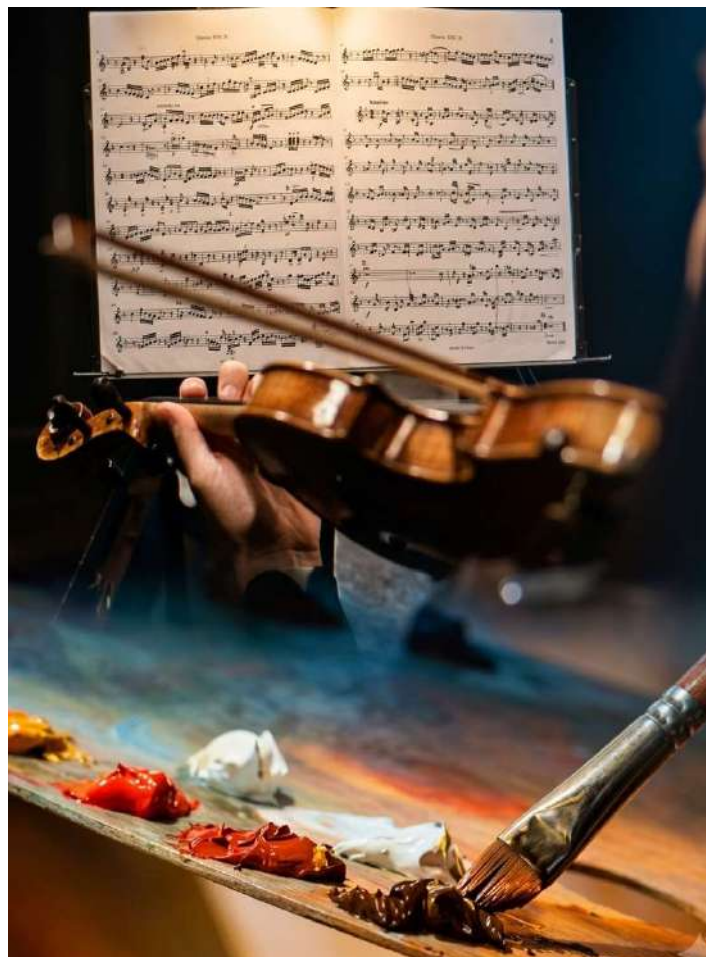

The Preparatory course for Fine Arts subjects provides students with a technical preparation in the required field and helps students

to assemble a portfolio, highlighting their artistic skills and creativity related to the chosen academic course.

Since the study programme is partially tailored on the student's profile and skills, the practical preparation is based on an individual training to exercise artistic skills according to the requirement of the exam and to student's previous experience.

As a result of the partnership with Florence Music Conservatory and Florence Fine Arts Academy, Linguaviva guarantees a high-quality preparation, cooperating with teachers from these prestigious academic Institutions.

Please contact Linguaviva Campus Florence for more detailed information.
